# Combat Sustainment Wing

## U-30 TOW TRACTOR

### Description

- The U-30 Tow Tractor has a minimum GVW of 100k lbs, tows aircraft weighing up to 850k lbs, and has a draw bar pull of 72k lbs. The U-30 is the largest of the AF tow tractors. The U-30 is four-wheel steer and four-wheel drive, and is constructed with an all-welded, one-piece frame structure. The primary intended use of this tow tractor is to tow larger military aircraft such as the C-5 and C-17.
