Process

Warner Robins Air Logistics Center

- Center Business Office is the single entry point for all new missions and business opportunities
 - Strategic vs tactical view
- Developing standard business practices
 - Corporate-level partnering agreements vs partnering agreements for each partnered workload
- Streamlining the process
 - Process Guide distributed to wings and staff offices in Aug 09

Summary

Warner Robins Air Logistics Center

- PPPs leverage competencies to improve lifetime performance and sustainment of AF weapon systems
- PPP goals and objectives must be defined and measured against objectives
- Process evolving with standard business practices
- CBO is single entry for all partnering efforts
